PANAMERICANA II

ONE
SUIT
ENDLESS
POSSIBILITIES

THOSE WHO LIVE SEE A LOT. THOSE
WHO TRAVEL SEE MORE.

Immerse yourself in breathtaking landscapes, feel the resistance of the wind, and experience the unmatched freedom of motorcycle riding. From scorching deserts to barren, romantic winter landscapes, the Panamericana II accompanies you on every terrain. With this 3-in-1 adventure suit, you're ready to conquer any climate and have unforgettable adventures in any environment. Whether it's heat or cold, rain or snow, the Panamericana II provides you with the protection and comfort you need to fully focus on your journey.

FEATURES

The main material 750 D Tactel® is a highly abrasion-resistant polyamide fabric, which not only has a high protective function, but is also particularly supple. This material is extremely comfortable to wear.

Cordura® 1000 D is placed at the crash zones. Especially there one needs an extremely strong fabric. This Cordura® material can be recognized by its ripstop structure. Due to its structure, the material is incredibly abrasion-resistant and strong.

SAS-TEC® Level 2 protectors are integrated on back, shoulders, elbows and knees. SAS-TEC® is a German partner-business of ours and we have been working with them for decades. Protectors are divided into Level 1 and Level 2. With the latter, the energy that is transferred to the body in an impact is smaller than with level 1 protectors - thus level 2 protectors protect better. Since we have made the experience that most motorcyclists do not like to wear hip-protectors that are too stiff, there are ultra-flat, flexible SAS-TEC® protectors of level 1 in the Panamericana II pants.

Fidlock® magnets enable flawless operation of the AirDraft ventilation flaps. This type of ventilation is not only particularly popular because of its high functionality, but is also perfect for changeable weather due to its easy handling. The AirDraft flaps are integrated on the chest and thighs.

AirVents are ventilation zippers that can be found on the sleeves, on the back, on the back thigh and at the end of the trouser legs. Robust YKK® zippers are used here. The long AirVents are 2-way, so that an individual ventilation can be adjusted.

The Panamericana II is dry and windproof thanks to the Sympatex® membrane. With a water column of 45,000 mm, it is not only 100% waterproof, but also particularly breathable. Perfect for long distances.

The included quilted midlayer jacket keeps you warm. It fits perfectly the Panamericana II jacket, but can also be worn casually on its own.

PROTECTION

- CE class AA (EN 17092-3:2020)
- 750 D Tactel® (100 % polyamide)
- 1000 D Cordura® on crash zones (100 % polyamide)
- DuPont™ KEVLAR® fabric on calves as heat protection
- SAS-TEC® back protector / level 2 (CE EN 1621-2:2014)
- SAS-TEC® protectors on shoulder, elbow, knee / level 2 (CE EN 1621-1:2012)
- SAS-TEC® hip protector / level 1 (CE EN 1621-1:2012)
- upgradable with chest protectors SAS-TEC® SC-1/CP-2

WEATHER

- AirDraft: ventilation flaps with Fidlock® magnets in jacket and pants
- AirVent: ventilation zips
- AirCollar: fold-away collar
- detachable Sympatex® membrane (45.000 mm water column)
- Dry & Airy: comfortable & quick way to wear the membrane jacket, carrying it on the back, with only the front unzipped
- detachable Midlayer jacket
- detachable thermo lining in pants

FEATURE

- emergency / ID pocket on left forearm
- comfortable sleeve cuff made of stretch material
- detachable braces

AWARD

„The combination of extremely supple Tactel with sufficiently dimensioned, abrasion-resistant Cordura zones makes the Panamericana a real feel-good suit. Thanks to the magnetic solution for the ventilation flaps, the changeover to changing climate zones works quickly and effectively. [...] Overall, the air exchange in convertible mode works very well.“ Tourenfahrer EMPFEHLUNG (7/2022)

„For a 3in1 textile suit, however, Modeka's Panamericana 2 performs almost perfectly and is suitable, practical and comfortable clothing for all motorcycle tourers out there. The features are practical, the workmanship is good, the rides with the suit are pleasant and the range of use is wide. It is also positive to note that the Panamericana 2 combo is also available in women's cut and offers the same features than the men's model. This is unfortunately not self-evident with regard to other brands and models.“ 1000 PS (23.01.2023)

PANAMERICANA II LADY

UNCONQUERABLE ON TWO WHEELS

The Panamericana II Lady is the suit for strong women who know no boundaries. Designed to embody strength and independence on the road, this suit is a symbol for those who have no fear in pursuing their dreams. Created in close collaboration with Marta from Dreamcatcher's Journey, the inspiring adventure couple, we have crafted the Panamericana II Lady. This suit is an expression of determination and courage to face all challenges.

AWARD

„Very elegant and functional 3in1 allseason suit for a great price.“ Motorrad & Reisen SEHR GUT (93/2019)

„The textile motorcycle suit from Modeka has a casual cut and offers enough room for female curves on the bottom, hips and thighs. Additional stretch inserts in the crotch ensure optimum freedom of movement. The very good solutions for width adjustment make sure that the protectors on elbows and knees are exactly where they should be.“ Tourenfahrer (8/2019)

- emergency / ID pocket on left forearm
- comfortable sleeve cuff made of stretch material
- textile stretch parts in the sides
- detachable braces

AWARD

„After 2 months in the test, the AFT AIR suit from Modeka could already convince all along the line as a great all-rounder. Depending on the configuration with or without inner lining, it offers a lot of comfort and can be adapted well to one's own body thanks to its adjustment options.“ 1000 PS (19.04.2021)

„Great safety features, good fit and maximum mobility are what set the AFT Air apart. It has mesh areas instead of ventilation zips, the climate is regulated with the choice of inner jackets.“ Motorrad SEHR GUT & KAUF TIPP (04/2022)

VIPER LT

ULTIMATE PERFORMANCE IN TESTING: THE AWARD-WINNING LAMINATED SUIT

„Good fit, breathable and ventilated. Our test revealed this affordable combo to be an excellently equipped comfort master. For 600€ you get the full protector kit, working ventilation, a lining that can be worn separately and a wide range of sizes.“ Tourenfahrer PREIS-TIPP (6/2021)

„Ready to travel - the Modeka Viper LT comes with complete protector equipment and removable braces. In addition, the inner lining can be worn as a separate jacket. With leather reinforcements on the inner legs, the suit orientates itself in the genre of adventure. The elastic width adjusters are particularly appealing, thanks to which the suit offers plenty of freedom of movement despite it's tight fit. The stretchy material on the collar and cuffs is also very comfortable. The Tactel material is not too stiff, despite the proper 750 denier fibres and laminated membrane.“ Motorrad News TIPP (9/2020)

„It doesn't get much better than that. With excellent safety features and well thought-out equipment, the Modeka Viper LT is a recommendation for mild weather.“ Motorrad & Reisen SEHR GUT (99/2020)

AWARD

„The most economic suit in the test offers plenty of comfort and effective ventilation. The uncomplicated Taran helps you stay focused and avoid accidents.“ Motorrad KAUF Tipp & GUT (10/2023)

„The first impression: relatively subtle, well-made materials, sensibly combined, finely contrasted in colour. It feels good right away, it's easy to get into. The Taran is also practical, see the range of bags. Modeka has done an excellent job with the heat. There are 2 large vents on the chest. The light and airy membrane provides good wind insulation and weather resistance.“ Motorrad & Reisen SEHR GUT (11/2023)

„For the price, a very attractive everyday pants, which can also be combined well with leather jackets due to the discreet appearance. Can become a favorite piece.“ Motorrad & Reisen SEHR GUT (11/2023)

JEANS

IT
CAN
BE
SO
SIMPLE

THERE IS NO ONE WHO DOESN'T HAVE THEM

Getting on the bike and just riding feels the best when you're wearing a pair of pants that you already have on. Let us introduce the Motorcycle Jeans. Visually, they don't differ from the other jeans in your wardrobe. The magic happens inside, mostly at least - as protection can be provided as lining or already integrated into the denim fabric.

EL CHANGO KIDS

- PROTECTION**
- 600 D polyester
 - doubled material on crash zones
 - Winner® protectors on shoulder, elbow, knee / level 1 (CE EN 1621-1:2012)
 - upgradable: back protector SAS-TEC® SCL-M 19
 - upgradable: hip protector SAS-TEC® SC-1/07 or SC-1/KA

- WEATHER**
- AirVent: ventilation zips
 - Hitex® Z-Liner membrane (2,500 mm water column)
 - detachable thermo lining
- FEATURE**
- sleeves and legs around 5 cm prolongable
 - detachable braces

AWARD

„The highlight of the touring suit is the length adjustment: sleeves and legs can be extended by a whole 5 cm via a zip, which extends the duration of use enormously. Reassuring facts for grandma and grandpa: jacket and trousers are made of a robust 600D polyester outer fabric with reinforced zones.“ MotorradSzene (10/2022)

„Every protector is at its right place. The way it looks is especially positive. The tester feels really “motorcyclist”.“ Tourenfahrer Preis-Tipp (4/2017)

GLOVES

HANDCRAFTED
CONTROL,
PRECISION
IN
EVERY
TOUCH

IN GOOD HANDS WITH US

You steer, accelerate, brake, and control. You manage your motorcycle with your hands. They are the link between you and your motorcycle. Therefore, there is no doubt that we must protect your hands well. The key is a perfect fit that guarantees you a good and comfortable feeling for the control. Whether in busy city traffic, on wide roads, or off all paved surfaces.

PANAMERICANA

PROTECTION

- certified according to EN 13594:2015 „protective gloves for professional motorcycle riders“
- sleek cow leather, Tactel® and amara
- SuperFabric® reinforcements
- SAS-TEC® knuckle protector

WEATHER

- Sympatex® membrane (45.000 mm water column)
- visor wiper

AWARD

“Very easy and comfortable to put on and take off, pre-curved finger shape, pleasant 1.2 mm thick goatskin together with stretch inserts offers a lot of comfort, visor wiping lip on the index finger, pleasant viscoelastic knuckle protector on the back of the hand, very good wipe protection.“ Motorras GUT (12/2022)

„The Panamericana convinces with its pleasing leather-textile mix and functional protector equipment. Fit and thermal performance are optimal, combined with the sensible, climate-regulating Sympatex membrane a great glove at an awesome price.“ Dream Machines (03/2021)

„A great glove with excellent value for money. During a three-day trip with heavy downpours, the glove stays waterproof and the fingers stay pleasantly dry.“ Motorrad & Reisen SEHR GUT (88/2019)

„Immaculate manufacturing and workmanship with high safety features, super reinforcements, high quality haptics - and all of that for a fair price.“ MO (65/2018)

ARUNAS

PROTECTION

- certified according to EN 13634:2017 „protective footwear for professional motorcycle riders“
- cow leather and PU-coated matt leather
- ankle reinforcement
- shift pad

WEATHER

- Hipora® membrane (5.000 mm water column)

FEATURE

- zip fastener on both sides

AWARD

“Despite the low price, Modeka offers with the Arunas a well-equipped boot with a decent protector package. The workmanship is also good. The half-high shaft creates a good compromise between protection and wearing comfort. In addition, it offers even stronger calves space, and the footbed is also generously sized, especially in the toe area. The thick sole rolls a bit stiffly at the beginning, but cushions well and is grippy. We also like the wide range of sizes.” Motorrad News (2/2023)

WEATHER

- Hipora® membrane (5.000 mm water column)

AWARD

“During the waterproof test, the feet remained dry even after 15 minutes. The zippers are smooth. Seams and soles have a satisfactory quality. The variable adjustment range with a wide-running velcro fastener is perfect for thin and wide calves. Good grip thanks to the flexible sole and the soft footbed. The comfort is high because of flexible sole and soft insole.” Motorradfahrer EMPFEHLUNG (8/2018)

ADVENTURE PACK 28L

FEATURE

- 600 D polyester
- included: rain cover
- 3D mesh padding at the back
- padded laptop case (up to 17 inches)
- many compartments inside and outside
- height-adjustable chest strap
- hip strap with zipped compartments
- prepared for hydration system

AWARD

“The backpack Adventure Pack by Modeka accompanied us on quite a few rides recently and amongst other things, we stored our laptop and camera in it, knowing that - thanks to it’s stable back and the robust anti-slip floor, as well as it’s fairly abrasive resistant 600 D polyester outer material - they will be safe and sound.” Motorrad (16/2020)
